

Zurich, 26 August 2013

## **Edisun Power Group ad-hoc press release**

### **Announcement of 2013 Half-Year Results Postponed**

Due to the energy reforms announced mid-year in Spain that will affect existing contracts with solar energy suppliers, and because it is not fully clear how the reforms will be implemented, Edisun Power is undertaking a thorough examination of the financial impairment associated with its Spanish installations. Therefore, the half-year financial results will be announced later, on 26 September, instead of on 28 August 2013 as was planned.

#### **Edisun Power Group**

A listed European solar energy producer, the Edisun Power Group finances and operates solar power installations in a number of European countries. Edisun Power Group AG began its involvement in this sector as far back as 1997. The company has been listed in the Main Segment of the SIX Swiss Exchange since September 2008. Edisun Power has been able to grow continuously over the years, and the company has amassed wide experience in the realization of both national and international projects. As of mid-August 2013, Edisun Power Europe AG owned a total of 65 solar energy installations in Switzerland, Germany, Spain and France, with a total capacity of 14.5 MW.
